

ONE BUYER QUESTION. ONE USEFUL IMPROVEMENT.

A clearer answer. A useful next step.

For small B2B software and service businesses that want one focused improvement in how buyers discover and evaluate their offer.

₹14,400

plus applicable taxes

Target: five working days

after complete intake. Schedule and commercial terms are confirmed in the proposal.

What you receive

- Review of one buyer question and one domain, covering up to ten public pages.
- Up to five prioritised findings with supporting evidence.
- One priority-page draft of up to 1,000 words.
- An enquiry recommendation and one consolidated revision.

Bring the context.

Your website, priority buyer and the question they need answered. Supply verified product facts and a person to consolidate the review.

One clear brief.
One agreed next action.

Two evidence paths. One bounded pilot.

WEBSITE REVIEW

Included. We review the agreed public pages against one buyer question. Without supplied answer captures, the pilot stays website-based.

SUPPLIED AI ANSWER CAPTURES

If supplied: up to 25 saved captures across up to five questions. Observations describe that sample; they do not establish live visibility or commercial results.

Agreed separately

Fresh AI sampling, implementation, ongoing monitoring and paid tools. An enquiry is not a booking; the proposal confirms scope, timing, tax treatment and payment terms.
